### About Me

I am a skilled web developer with nearly 2 years of experience, dedicated to creating and maintaining websites that merge functionality with aesthetics. Proficient in HTML, CSS, and JavaScript, I excel in crafting responsive and user-friendly designs. With a problem-solving mindset, I tackle technical challenges adeptly and collaborate seamlessly in team environments. My passion for continuous learning drives me to stay updated on the latest industry trends, ensuring the delivery of modern and impactful web solutions. I am committed to enhancing user experiences through well-crafted code and innovative design.

### Professional Experience

#### **Eastern Light And Power Pvt. Ltd | IT Service** **July, 2023 – Till Date**

Key responsibilities:

- Maintain uninterrupted customer operations by fine-tuning performance continuously.
- Simplify services and cut down on issues by taking proactive preventive action.
- Proficient in managing AWS services, including billing, EC2, S3, and SMTP.

#### **Jhnvi Soft Pvt. Ltd | Web developer** **April 2022 – July 2023**

Key responsibilities:

- At Jhnvi Soft Company, I worked on websites and web pages.
- worked with S3, SMTP, EC2 Instant Management, and AWS Server Monitoring.
- created posts, built pages, used plugins, optimized the site, created custom themes, and integrated third-party APIs with WordPress.
- I used WordPress, Laravel, PHP, JavaScript, jQuery, Bootstrap, HTML, and CSS while working there.
